# About Us

Cosmo Mobile Media offers mobile LED digital/video advertising services. Our trucks feature three LED screens, providing maximum visibility. Instead of “Hoping” a potential customer doesn’t skip over your expensive advertising slot on the radio or webpage, have confidence that you will grab a viewer’s attention with a bold distinctive message on our truck.

Mobile Billboard advertising is changing the way brands share their message with people on the go. With a great design, catchphrase and mobility, viewers can’t help but to be drawn to the message driving by.
